Consent Form: Challengers

This form will be held for a period of six years

How a formally organised Developer Challenge facilitates the development of clinically impactful, interoperable health information technologies

Principal Investigator Dr Karen Day

I have read the Participant Information Sheet and have understood the nature of the research and why I have been selected. I have had the opportunity to ask questions and have them answered to my satisfaction.

I agree to participate in this research.

I understand that field notes will be made about the preparation and activities associated with the Challenge. I understand that field notes about me will be anonymised at the time of writing and not able to be withdrawn.

I understand that my reflective interview after the Challenge can be withdrawn or edited at any time before 1 June 2018 when data analysis will begin.

I agree/do not agree to be audio recorded during my interview.

I wish to/do not wish to receive a transcript of my interview for editing. I agree to return my edits/changes before 1 June 2018.

I understand that I will not be able to withdraw my evaluation survey response once it has been submitted, but that I can withdraw any time before submission.

I understand that my information will not be identifiable in presentations or publications, with the possibility that some quotes may be recognised by someone who knows me.

I agree to the collection of the data and its storage for six years, after which it will be destroyed.

I understand that the research will be published in a reputable journal and a summary of the research will be published in the HL7 online discussion forum in Zulip.

Please sign and date this document, take a photo/scan of the signed document, and return the photo/scan to Karen Day via k.day@auckland.ac.nz
